ABOUT

I am currently in my final year of the Computer Systems and Technology program at Saskatchewan Polytechnic in Saskatoon. I am enthusiastic about delving deeper into Automation, AI, and various other facets of the IT sector. I am keen to broaden my skill set beyond what I have acquired in school.

PROGRAMMING SKILLS

- **JAVA, JAVAFX:** Introduction to Programming, Intermediate Programming, Mobile Application Programming
- **HTML, JAVASCRIPT, TYPESCRIPT:** Web Site Development, Internet Programming/Web Applications 1, Internet Programming/Web Applications 2
- **C#:** Advanced Programming 1, IT Development Project 1
- **SQL, VBA:** Introduction to Database Management, Database Management Systems

TECHNICAL SKILLS

- **OPERATING SYSTEMS:** Windows, Linux
- **NETWORKING:** TCP/IP, DNS, DHCP, Routing
- **DATABASE MANAGEMENT:** SQL, MySQL, Access
- **SECURITY:** Firewalls, Encryption, Intrusion Detection
- **HARDWARE:** Installation, Troubleshooting, Maintenance
- **SOFTWARE:** Microsoft Office, Eclipse, WebStorm, Visual Studio

EDUCATION

DIPLOMA IN COMPUTER SYSTEMS TECHNOLOGY
Saskatchewan Polytechnic, Saskatoon, Saskatchewan
Graduation Date: June 2024

RELEVANT COURSEWORK: Operating Systems, Network Administration, Database Management, Programming, Systems Analysis and Design, Cybersecurity.

EXPERIENCE

Worked in hospitality and manual labour jobs before entering school. Gained good customer experience as well as working with others and having conflict resolution skills.

As well as working on group projects in the past and present. Currently working in a team project for a client to create a website for indigenous plants. Doing these projects gave me technical skills in designing/planning, testing, implementing, and merging. As well as collaborative skill such as communication, conflict resolution, meeting with clients, and pair programming.
